

Welcome to Atami SGG International Club and our August newsletter. We are a group of like-minded volunteers, Japanese and foreign, all living in Atami.

This month we thought you might like to have some useful bus information, to help you get out and about to the many fantastic events in around Atami. Now, this very wonderful graphical information is probably a bit too small for many of us to read on our newsletter, so we will be adding this and more to our website soon.

Onozuka Minoru, Japanese living in Atami and Nagoya, English speaker

I have been associated with Atami as a holiday home for about 10 years. I have been consistently involved in medical education and research at universities. My area of expertise is brain physiology. Even after retirement, I received offers from several universities and vocational schools, and now I am teaching at a university in Nagoya that educates physical and occupational therapists. I would like to be involved in society by making a balance between work and hobbies with the motto of being active for the rest of my life. My lifestyle is Nagoya on weekdays and Atami on weekends.
